### Project Details

#### Major project – Shopping Cart

I made a website with shopping cart for a confectionary store. The features includes:

- User part – Here user can view the products, choose different products to own cart and finally can place an order.
- Admin part – Here admin can add, delete, update the products, manage the order and can

also change the password.

Mini project – *School Management Project*

I made a website where only authorized person can log in for viewing the details about each school employee and their students. Here the person can add students, add employees, update school details, student details, employee details and picture.
